

# Potential

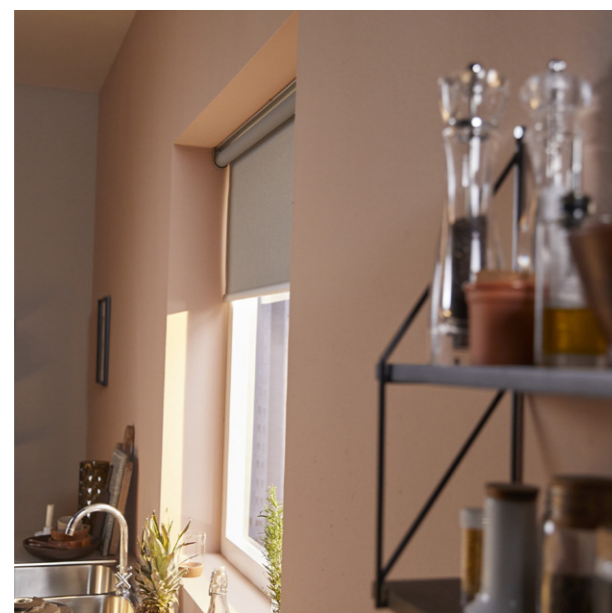

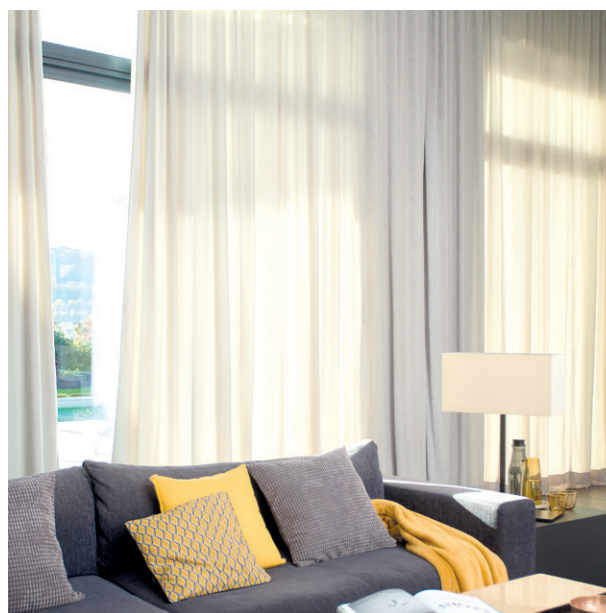

Be inspired by the versatility of Wirefree solutions from Somfy. This technology offers unlimited scope, and has the scale and power to automate and connect an extensive range of blinds, curtains and window types. There's no need for wiring and the sleek designs blend seamlessly into any interior décor. You benefit from clean and easy installation – saving time and money.

# Appeal

WireFree solutions offer a new level of comfort and convenience by giving you control of natural light, temperature and privacy. WireFree motorisation means no cords which offers you a child safe solution. With near silent operation you can enjoy peace and quiet with discreet and unobtrusive technology.

# Opportunities

Make your home a smart home with the TaHoma hub with the added benefit of voice control.

### About Somfy

Somfy's leading smart management solutions for homes and buildings have been improving people's daily lives for over 50 years. Developed with comfort, ease of use, security and sustainability in mind, our innovations automate and connect blinds, curtains, awnings, garage doors, lighting, heating and more. We are committed to creating useful solutions that are accessible to all, designed for today and beyond.

# The perfect solution for every project

Long-life rechargeable batteries  
Child- and pet-safe: no hanging cords

Many of our motors and accessories guarantee an industry leading level of premium silence

When you choose Somfy motorisation for your customers, you choose with the confidence of a five-year warranty and a 50 year reputation for well designed, high quality and reliability. With the added assurance of customer service and support you'd expect from a world leader, focused on a better way of living.

## About TaHoma

With TaHoma, you're connected to your home anytime, anywhere through the app on your smartphone. Simply connect all your smart devices, like your awnings, lights, roller blinds and garage door.

TaHoma lets you turn your home into a comfortable Smart Home, with optimal compatibility: Somfy alone offers more than 100 products that you can connect. Plus, TaHoma works with many other brands like Google Assistant, Amazon Alexa, IFTTT, Philips HUE, Sonos, Velux and some Zigbee solutions.
